

The Nurse

Jack had a crush on this sexy nurse.

She was taking care of him as he was healing with his foot energy.

Every time she would bend over he would fantasize about hitting it from the back. Letting her juices drip all over his dick.

When she left he would stroke his dick fantasizing about this nurse.

He was obsessed. Her thickness just drove him crazy. He wanted to feel all inside her.

Let her ride his face or even get on his knees to suck the shit out of her pussy just so he can be satisfied with feeling her cum all over his lips and face.

The thoughts came over his mind so strongly that he started closing his eyes and stroking.

His dick was thick and long ready for action.

“Mmmm yes let me feel that pussy Sa...”

“Oh my god!” The nurse said out loud

Jack opened his eyes in shock.

“It’s not what it looks like.”

Jack replied

“Oh, it’s definitely what it looks like.” The nurse replied.

“You’re fantasizing about me. Lucky for you I’m on break. How bad you want me.”

“Really bad,” Jack said begging

“Okay show me and I’ll give you some time. Let me nut in your mouth by riding your face.”

“Yes please, let me taste your cum.”

She proceeded to come closer and the closer she got the harder he got.

She stood over him and slowly dropped her wetness all in his mouth.

He proceeded to suck like a good boy flicking his tongue all inside her.

She slowly moans louder and louder as she drips all in his mouth twisting her hips.

“Mmmm I see you like thick women good boy”

The nurse replied

She twists her hips faster and harder getting every inch of his tongue.

"Mmmm I'm about to cum. You want me to cum all over your face." The nurse said while moaning.

Jack nods his head with a mouth full.

She slightly lifts up and rubs her clit squirting all over his mouth.

She then walks to the counter and tells him

"Come get mami"

Jack slowly gets up and slowly walks over sliding deeper into her possession. Starting slowly and getting faster in the room as he pounds her from behind gratefully as his fantasy becomes fulfilled.
