

Best Friends

Brittany & Whitney are best friends. They talk about everything. Growing up in the same neighborhood and even graduating from school together. They enjoyed each other company and have a great connection.

One day Whitney invited Brittany over to catch up at her apartment. They are both beautiful women who model and enjoy walking the runway. They wanted to share each other's experiences being published and at multiple events.

Brittany walks to the door and knocks.

Whitney opens the door.

"Wow, Brittany look at you sexy as always!"

Whitney blushes.

"So are you! You always caught the eyes and all the boys. Come on inside it's cold out there" She responded with a wink.

They both come inside the living room. The living room is decorated nicely with elegant furniture and paintings.

"This place looks amazing! Very well put together as well." Brittany tells her as she looks around the room and gets comfortable.

The two began having great conversations. Talking about their days in high school and asking how their careers are going.

"You have always been driven towards success. I'm very proud of you. At the last runway show, you killed it and had the crowd on their feet!"

Brittany tells Whitney.

"Thank you, now tell me about this amazing new future husband you have!" Whitney asks with a smile.

"He is amazing and sweet in every way. Handsome and in bed he drives me wild!"

They both laugh and continue to have great conversations.

"Well, I'm so happy for you. If I was a guy I would have snatched you up as well. You could have sworn I had a crush on you.

Brittany brushes it off with a smile and they continue to talk.

Brittany and Whitney enjoy each other company through the day until nightfall.

They both had plenty of nights like this and are very comfortable around each other in lingerie. They both went to sleep in the same bed as Brittany lays face down on the pillow.

As midnight passes Brittany starts having dreams. She is having a dream of being stripped down of her lingerie as her handsome husband delivers deep back shots as she arches into them. The doggy-style position is her favorite.

“Mmm baby yes yes yes!” Brittany moans out louder and louder then moans out of her dreams.

Her eyes open but she is still getting pounded deeply.

“Fuck ... shit I’m about to cum!”

She then realizes she hasn’t gone home yet & slowly turns to her back.

Shocked and dripping down her thighs she notices that Whitney is pounding her hard with a strap-on.

“We ... are best friends... we can’t do this .. ah ah ahhhh!”

Brittany tries her best to hold the orgasm but it’s that deep feeling down to her stomach.

“Fuck Whitney please don’t make me...”

Before finishing she orgasms all over Whitney's strap-on.

“Cum...”

Brittany says breathing hard.

Whitney slowly pulls it out.

“Sorry I got tired of playing with myself thinking of you Brittany,” Whitney says with a smile.

With her legs shaking and feeling horny Brittany crawls slowly to Whitney and tongue kisses her passionately.

“I’ve always had a crush on you baby please be part of me and my husband’s life. I need both of y’all’s penetration daily or one fucking me while the other one is gone.”

Brittany says while playing with her Clit.

“Okay I will let’s build our fantasy family.”

Whitney tells her smiling while sliding the strap-on back inside Brittany deeply as she lets out a long moan in pleasure.

She finally got what she was secretly craving from her best friend.
